

RANCHI MUNICIPAL CORPORATION, RANCHI

Ref: J.L.M.7

Date 09.06.03

I inspected the Sachidanand Gyan Bharti Model School, 108, Kusai, Doranda-Namkum Road, P.O. Hinoo, District Ranchi on dt. 07.06.03.

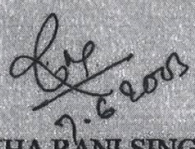

The following Health and Sanitation conditions and others were observed in the School.

1. Building Safety : Found Satisfactory. Railing and Grill up to a height of 3 feet have been provided in verandah, balconies and staircase. Safety grills and glass also have been provided in windows and other openings.
2. Fire Safety : Fire extinguishers are available in sufficient numbers.
3. Drinking Water Facility : Having two nos. deep well alongwith 1.00 H.P Jet Pump to lift the water from deep well to store in the overhead water tanks. Sufficient nos. of water taps connected with Aquaguard Filtration Plants is provided for filtered water being supplied to the students for drinking purpose. There is separate provision of water supplying for gardening and in toilets.
4. Health and Sanitary Condition : Septic Tanks and main holes have been made to accommodate students. There are adequate nos. of water closets and urinals. Pucca drain have been made and there separate toilet/lavotary provided for boys and girls. The school have a beautiful lawn and garden which adds aesthetic value to the children.

Overall the facilities mentioned above in the school, in the building and campus are found in good conditions.
